

SUNDAY IS ALIVE AND WELL IN MISSION VIEJO...

The family together on their bikes, afternoon tennis for mom and dad, a swim in that sparkling indoor pool - just a few of the advantages in being members of the wonderful \$170,000 Private Recreation Center Or maybe time to stroll along the winding greenbelt, stopping to chat with friends and neighbors, sharing a funny story about one of the kids. All of these good things about hometown living... and all of them so close to home! That's the way Mission Viejo planned it. Activities for everyone with its walking distance of your new home, with churches and Cherry Creek Schools almost as close. Mission Viejo invites you to rediscover the joys of an active life... and those wonderful Sundays which seem to last the whole week long.
