enver native asing the wind

(Continued from page 70)

rison started a coupling hose company in n, sold it and later acquired another one in He has a fish hatchery in Lyman and he's drill- r oil in Utah in a field that he thinks holds se.

HAD AN OPPORTUNITY to buy an entire base in the Edgemont, S.D., area and along he 23,000 acres there was an airport, houses, gs etc. He has been renting out the land for g cattle and now he is working with a group ants to lease much of the area for the establish- of a free port.

eningly the laws are such that it could work," on reported. "There aren't that many places that is true."

rison has developed a subdivision at Scotts- Neb., with housing in several price ranges.

have the interchange at Bonnerville, Utah, want to develop it to include not only a motel, rant, gas station and such things but we want up a museum for the racing industry. We are sitting back on it at the moment because of ng in Florida but we are ready to roll on it."

rison is eying another army base that may be ed surplus in the near future and there are other irons in the fire — but at the moment he is d foremost for wind power.
