Future Single Family Housing, 11. Sunset Model Homes, 12. 3-Acres Park, Tennis Courts, 13. Cherry Glen Model Homes, 14. Future Neighborhood Shopping.

Model homes are replicated throughout the entire

The best of both w at Gate n' Green

At last, there appears to be an alternative for adults who are faced with moving into a condominium to escape the cost and maintenance requirements associated with the family home. Gate n' Green offers warm, cozy, individual homes as well as the attention and low-maintenance lifestyle normally enjoyed only by condominium dwellers.

This community consists of spacious, creative individual homes separated by large, open, park-like green areas complete with lush landscaping, lighted walkways and small lakes. Each home opens onto the walk way and is only a short distance from the large "sit-lodge" clubhouse which houses a giant pool, twin saunas, a game room, whirlpool bath and fitness center. The large meeting room/cafeteria of the lodge is complete with a magnificent mass rock fireplace and convenient kitchen facilities.

The concept of Gate n' Green is unique. You thought you were poor... you were not, in the home owners' associa-
